On **2006 December 4**, a 3.5 inch IDE hard disk drive was sent to the IntelliRecovery HK laboratory. User had absolutely no access to their vital data due to partition table corruption.

Result: Data was fully recovered by IntelliRecovery and returned on **2006 Dec 8**.
The successful recovery services charge is **HK\$8,580.00**

We here agree IntelliRecovery to post the above mentioned data recovery case and success story for reference by government users and the public.
