**Description:**

A failed hard disk drive sent to the IntelliRecovery Hong Kong. User had absolutely no access to their vital data. Hard drive failed due to physical damage, spindle motor failure with read & write heads malfunction.

**Result:**

All data has been recovered by IntelliRecovery in the clean room laboratory. The successful recovery service charge is HK\$8,500.00 and payment is made via Government Purchase Card.

We here agree IntelliRecovery to post the above mentioned data recovery case and success story for reference by government users and the public.
